

# The Ruts, Savage Circle

Life's a savage circle  
Some people dedicated to ruin my life  
Life's a savage circle  
OK baby said you're alright

You think you know me well  
Well you can go to hell  
Your thick gives me a frown  
Well baby it's getting me down

Life's a savage circle  
Some people dedicated to ruin my life  
Life's a savage circle  
OK baby said you're alright

You're well and look it out  
Until do you doubt  
You lot are just like you  
I hope I'm getting through

Some people dedicated to ruin my life

I think you know, it's getting me down  
It's getting me down,  
Down down, Down
