won't u stay with me
stay with me for a little while.
baby don't go no where
'cause i need u here.
won't u stay with me
stay with me for a little while.
u could tell me that u love me and u care.
u ain't go no where
u gonna stay right here.
stay with me

'cause i'm waiting till so fading for ur love to
bring me up
to the place in love.

stay with me for a little while.
baby don't go no where
'cause i need u here.
won't u stay with me

u could tell me u love me boy.
why u at the door
u don't love me no more.
sittin around and talkin about what we gonna be
we are family but how we gonna lay it down
stay with me
stay with me for a little while.
won't u stay with me
stay with me for a little while
baby don't go no where
'cause i need u here
won't u stay with me
stay with me for a little while
stay with me
stay with me
for a little while
for a little while
stay
stay with me for a little while
won't u stay with me
stay with me for a little while.
stay with me

won't u stay with me
stay with me for a little while
baby don't go no where
'cause i need u here
won't u stay whit me
stay with me for a little while

for a little while
