

# The Salsoul Orchestra, Nice 'N Nasty

Nasty, you're nasty  
Ooh, that was nasty  
Strange things are  
Running through your mind  
I look at you and now you're kind  
Those things are  
Written all over your face  
You're a disgrace, let's face it  
You're nasty  
Nasty, you're nasty  
Ooh, that was nasty  
You stop and watch them as they dance  
You say you're looking for romance  
You know wanna bump and grind  
Nasty thoughts on your mind  
You're nasty  
Nasty, ah ah  
You're so nasty, do do do  
Nasty, ah ah  
You're so nasty, do do do  
Nasty, ah ah  
You're so nasty, do do do  
Nasty, ah ah  
You're so nasty, do do do  
Mmm mmm mm  
Now that was just downright nasty  
You're so nasty, uh huh  
Now that was nice and nasty  
Nasty
