The Samples, Feel Us Shaking

Gentle thoughts meander through the sand As the ship made currents reach the land The omniscient sun paving through the sky And when it's done all the seabirds fly

I'd like to stay but I couldn't stay with you I have to go, I have a lot I want to do Pleasures be waiting by the sea With a smile for all the world to see

Diamond waves through sunglass days go by So beuatiful to be here and alive Though I've built sometimes so hard did I survive? Feel us shaking

Beneath the sea another world exists It's tugging me by the ankles and my wrists The morning wind come and pull me away Out to where the dolphins play

Diamond waves through sunglass days go by So beuatiful to be here and alive Though I've built sometimes so hard did I survive? Feel us shaking

Pleasures be waiting by the sea With a smile for all the world to see
