

The Scenic, Bon Voyage Mr. Bones

Mr. Bones
I fear we're lost at sea
I haven't seen land in like two weeks
I guess we'll drift on for awhile
Raging seas
Rock this raft from underneath
The sharks seem hungrier than me
So it seems
Oh no
Oh well
We're on our way to hell, she said
Our lives, capsized
Yeah
And hey
(Hey!)
For once
We are right where we belong
Spend our whole damn lives trying to figure out
how we got here in the first place
Captain say
I've devised a plan to save us
And found a crew of two
You know that the only thing that matters to me now
Is trying not to drown
Before I hear that boarding call
Oh no
Oh well
We're on our way to hell, she said
Our lives capsize
When we least expect them to
Oh no
(Oh no!)
Oh well
(Oh well!)
We're on our way to hell
Man overboard
Yeah
And hey
(Hey!)
For once
We are right where we belong
Spend our whole damn lives trying to figure out
how we got here in the first place
And hey
(Hey!)
For once
We are right where we belong
Spend our whole damn lives trying to figure out
how we got here in the first place
And hey
We're right where we belong
We've been searching our whole lives long
This is a message to anyone who's off
And there's a whole lot of love
I need to go around
I'll be lucky if I drown
Before the sharks get a hold of me
And my boats find a way to the sand
Hey
For once
We are right where we belong
We spend our whole damn lives trying to figure out
how we got here in the first place
And hey

(Hey!)
For once
We are right where we belong
Spend our whole damn lives trying to figure out
how we got here in the first place
Bon voyage
