

The Screamers, Sex Boy

I can take it anywhere
any time that I can.
I'm the goddamn son of a superman.
I got a weapon that's as deadly as life,
it's the well trained tool of a master guy.
Every day it's the same wet dream:
20 girls up on the screen.
Say sex boy won't you give me your hand?
You're a fool sex boy but I know that you can.
I put my knife into your cut.
You shine it up with your roiling blood.
Sassy sex boy you're such a slut.
Don't give me that love shit.
I know what it takes to satisfy your kind:
a two minute hustle and a 40 minute grind.
I zip my pants, you know we're through.
There's another one behind here just like you.
Say sex boy won't you give me your hand?
You're a fool sex boy but I know that you can.
Say sex boy won't you give me your hand?
You're a fool sex boy but I know that you can.
Say sex boy won't you give me your hand?
You're a fool sex boy but I know that you can.
