

# The Script, Run Through Walls

whit no visible superpowers  
sitting in the kitchen and talkin' for hours  
you always show up at the perfect time  
there's no one born whit X-ray eyes  
there's no way to know what's on my mind  
but you always say the words that save my life

I've got friends that will run through walls  
I've got friends that will fly once called  
when I've nowhere left to go  
and i need my heroes  
I've got friends that will run through walls

you may not be superhuman  
but you've got the strength to carry me through it  
my shield od steel when I am too weak to fight  
yes, you are  
and that day my mother died  
and you held me up and you wiped my eyes  
it was in that moment when I realized

that I've got friends that will run through walls  
I've got friends that will fly once called  
when I've nowhere left to go  
and i need my heroes  
I've got friends that will run through walls
