

The Shoes, Time to Dance

I brought the ghetto to the?
Dude, what I do is what I feel
After sun, it won't be long
And now it's time for you to run
And now it's time to dance!

This is the .. keep world
The world is used up to you, girl
It was so funny?
And now it's time for you to run,
And now it's time to dance!
