

The Sleepy Jackson, You Won't Bring People Down

Pretty soon I'll see you name up.
'cause all these changes here in my town are when you're around.
You won't bring people down in my town.

Oh, I know you, you're the one from the other side,

You won't bring people down in my town.
This light becomes so smile and smug, it's poison.
This town don't breed no poison, it's never in season.
The birds don't play with treason, never no reason.
