The Smashing Pumpkins, Spaceboy

Feel it Break your bones Mr. Jones Taste me As I bleed Taste my need

And spaceboy I've missed you Spinning round my head And any way you choose me You'll break instead

Watch me Death defy Defile my life I don't need I don't care Please

I want to go home
'cause when a lover aches
That's when a lover breaks
I want to go home
I want to go home

And spaceboy they'll kill me Before I'm dead and gone And any way you choose me It won't be wrong And any way you choose me We won't belong

We won't belong We won't belong We won't belong We won't belong We won't belong
