

# The Smile, Free in the Knowledge

Free in the knowledge  
One day this will end  
Free in the knowledge  
Everything is changed

And this is just a bad moment  
Here we are fumbling around  
We won't get caught like that  
Soldiers on our backs  
We won't get caught like that

Face using fear  
To try to keep to keep control  
But when we get together  
Well then, who knows

And this is just a bad moment  
We are fumbling around  
We won't get caught like that  
Soldiers on our backs  
We won't get caught like that

I talk to the face in the mirror  
But he can't get through  
I said it's time that you deliver  
'Cause we see through you  
I talk to the face in the mirror  
But he can't get through  
Turns out we're in this together  
Both me and you
