

I am lost somewhere I do not know  
This is not the place I meant to go  
And they told me before it was so  
It was miles from nowhere

I was never meant to be alone  
If I make it back I'll stay at home  
Always told me that I should not go  
I'd be miles from nowhere

Miles & miles left to go  
Miles from anything we know

You took your love away from me & left me here for all to see  
Never mind the feelings that you're gone and  
I am miles from nowhere

miles...miles...miles...miles  
miles...miles...miles...miles

Now you tell me that i should not hate  
Just resign myself to such a fate  
If you told me that I was too late  
I was miles from nowhere

Miles & miles left to go  
Miles of sky & road below

You took your love away from me & left me here for all to see  
Never mind the feelings that you're gone and  
I am miles from nowhere

miles...miles...miles...miles  
miles...miles...miles...miles  
miles...miles...miles...miles  
miles...miles...miles...miles

Miles & miles left to go  
Miles from anything we know

You took your love away from me & left me here for all to see  
Never mind the feelings that you're gone and  
I am miles from nowhere

I am lost somewhere I do not know  
This is not the place I meant to go  
And they told me before it was so  
It was miles from nowhere
