The Smithereens, Miles From Nowhere

I am lost somewhere I do not know This is not the place I meant to go And they told me before it was so It was miles from nowhere

I was never meant to be alone If I make it back I'll stay at home Always told me that I should not go I'd be miles from nowhere

Miles & mp; miles left to go Miles from anything we know

You took your love away from me & Determine the feelings that you're gone and I am miles from nowhere

miles...miles...miles miles...miles

Now you tell me that i should not hate Just resign myself to such a fate If you told me that I was too late I was miles from nowhere

Miles & mp; miles left to go Miles of sky & mp; road below

You took your love away from me & Determine the feelings that you're gone and I am miles from nowhere
