

The Soundlovers, Surrender

I used to be surrender
I used to be a lonely soul
I used to ask the sender
asking him if my love has come
I used to get it on
and I will go on..
I used to be surrender
I used to be a lonely soul
I used to ask the sender
asking him if my love has come
I pray everyday the wiser
I pray to tell me what to do
It's only love, I said "what?"
That's really not my point of view
I used to get it on
and I will go on..x 4
