

The Spencer Davis Group, Here Right Now

You know I'm here right now
Got nothing on my worried, worried mind
You know I'm here right now
Got nothing on my, on my worried mind
Just look after me babe, let me tell you child
I just ain't used to your kind

You know I woke up this morning
And found my baby baby wasn't there, oh yeah
You know I woke up this morning. woman,

And found my baby baby wasn't there, oh yeah
You know that my room was empty
My babe was back, come on now, let's go

You know I'm here right now
I got nothing on my worried, worried mind
You know I'm here right now
Got nothing, baby, on my worried, worried mind, oh yeah
You know look after me baby
Girl I just ain't used to your kind
