

The Spencer Davis Group, She Put The Hurt On

I met a girl a year ago
She understood that I loved her so
She took my heart and she let me be
I swear she put the hurt on me
She put the hurt on me (hurt on me)
I said the hurt on me child (hurt on me)
Hurt on me (hurt on me)
And if that ain't hurt, tell me what can it be
I looked for her all about

No one knows where she's hanging out
I asked her friends and the family
They said she put the hurt on me...
She put etc...
I didn't know what I was getting into
I found out just by loving you
I pray one day she will return
I pray for my little old reign
