

The Stanley Brothers, I'll Never Grow Tired Of You

It's been a long time since you drifted away
Now there's nothin' to live for it seems
But darlin' no matter where you are tonight
You'll be here with me in my dreams

I'll never grow tired of you sweetheart
No matter what you may do
They tell me lately you're livin' so wrong
But I'll never grow tired of you

I see your two blue eyes each night in my dreams
But when I awake you're not there
Come back to me and let's start life anew
Losin' you's so hard to bare

I still wonder why you've drifted away
From the happiness that may have been
I can vision the time you'd someday be mine
Cherish the love I can't win
