The Stanley Brothers, This Weary Heart You Stol

I wait for you dear all night long It seems you never do get home I fall asleep at the break of day Just to drive these awful blues away

Wake up sweetheart the night has passed You slept your troubles all away Get ready now to love again This weary heart you stole away

I heard you crying in your sleep You said you found somebody new So I'll live on and just pretend I could never love no one but you

How can you treat me like you do You know I've never done you wrong My heart will always worship you But still each night I'm left alone
