

The Stanley Brothers, Too Sweet To Last

Here's the story of two childhood sweethearts
And the love that you shared still untold
How our simple little vows they were broken
And the love that I treasured more than gold

Are you tired of the life that you're living
Does your mind wander back to the past
Do you think of the love you've forsaken
Darling true love is too sweet to last

Alone in sadness I'm traveling
I'm lost on the sea of regret
Wandering back to the place of my childhood
And the one I've always loved the best
