## The Stanley Brothers, Too Sweet To Last

Here's the story of two childhood sweethearts And the love that you shared still untold How our simple little vows they were broken And the love that I treasured more than gold

Are you tired of the life that you're living Does your mind wander back to the past Do your think of the love you've forsaken Darling true love is too sweet to last

Alone in sadness I'm traveling I'm lost on the sea of regret Wandering back to the place of my childhood And the one I've always loved the best
