

# The Stanley Brothers, Where We Never Shall Die

Sinner why not heed the day won't you come and go this way  
Where Jesus lives and we'll never say goodbye  
To a home that's far and bright and there never is a night  
In a land where we never shall die

I've a home way up on high where we shall live and never die  
Won't you come and cross this river so wide  
There with Jesus we will dwell never more to say farewell  
In a land where we never shall die

Walk the straight the narrow way fall down on your knees and pray  
God will help you cross the mountaintop so high  
He will take you by the hand lead you to that promised land  
In a land where we never shall die
