

# The Starting Line, Bedroom Talk

I got the talk when I was younger  
And understood as I recall,  
They hadn't mentioned this at all.  
My heart was racing like a sprinter  
That tripped and fell  
In love with a girl just for tonight and that's all.

I've got big, big plans  
And they've got to mean something more  
Than just once  
I just don't know what I want.

I'm gonna tear your ass up like we just got married  
And you're all mine now  
Tonight is the night we've been waiting for all our lives  
Or maybe for just tonight

I got the call when I was older  
Yeah and I understood  
If it happens then it happens and that's all  
My arms the hose and you're the fire  
Out of control and I've got put you out  
Before there's nothing left at all.

I've got big, big plans  
And they've got to mean something more  
Than just once  
But I just don't know what I want.

I'm gonna tear your ass up like we just got married  
And you're all mine now  
Tonight is the night we've been waiting for all our lives  
Or maybe for just mine  
Get your ass up cause you're in no hurry  
Like I am now  
I'm getting older and older all of the time  
Or maybe for just tonight.

And the next part is the hardest  
So admit and explain but I've got to get it right  
She said  
I'll chew you up and spit you out like all them.  
I'm gonna put you right back in my mouth  
And you know that I will always love you.

I tore your ass up like we just got married  
And you're all mine now  
'Cause Tonight is the night we've been waiting for all our lives  
Or maybe it's just  
You've gotta get your ass up cause  
You're in no hurry  
Like I am now  
I'm getting older and older all of the time.

O baby one more time

I'm gonna tear your ass up like we just got married  
And you're all mine now  
I'm getting older and older all of the time  
Or maybe it's just mine  
Or tonight

Yeah yeah oh, yeah
