

The Starting Line, Given The Chance

The minute before we play
I'm pacing and waiting anxiously
I can't wait to hit the stage
And say hello to jersey

And when the last note hits
And I sung all I had to sing
Every minute I will count
Till the next song in the next town

What can I say
That can explain
All this time
I'm loving life
There's not a day
That I can't say
All this time
I'm living out my

The feeling of screaming out
The words I think some think about
Hearing them coming back
From the crowd's mouth is perfect

And when the curtain's closed
I'll realize that the time did go
Thanks for everything
You know how much this means

What can I say
That can explain
All this time
I'm loving life
There's not a day
That I can't say
All this time
I'm living out my dream

What this is to me
Is more than words can mean
I guess dreams do come true
This song itself is living proof

What this means to me
Is more than it may seem
I guess dreams do come true
This song itself is living proof

What this is to me
Is more than words could mean
I guess dreams do come true
This song itself is living proof

What can I say
That can explain
All this time
I'm loving life
There's not a day
That I can't say
All this time
I'm singing out
A song about
A dream that's coming true
