

The Starting Line, Photography

I've never been so happy to see a photograph of me
then when graced with your company.
You're making a small change to the way
that you wear your heart.
I like it better...I like it... I like it better now

(Chorus:)
I'll swing from a streetlight
as i will sing oh, oh, oh
and I'm stuck in the meantime
but we're so, oh close

The sunlight's overwhelming the scene that's
composed of you and me in our finest moments.
An amazing illusion was made with trick photography
it seems like you're really...you're really...
it seems like you're really here.

(Chorus 2x)
2nd time-
I'll swing from a streetlight
and sing oh, oh, oh
and I'm stuck in the meantime
but we're so, oh close.

we're so close...we're so close.

(Chorus)
I'm grilled by a spotlight
I'll sing oh, oh, oh
we're still in the meantime
but we're oh so, oh so close
yeah, we're oh so, oh so close
yeah, we're oh so, oh so

I'll swing from a streetlight
as I will sing oh, oh, oh.
I sing oh, oh, oh
I sing oh, oh, oh
