

# The Starting Line, Saddest Girl Song

So it's safe to say that we've been here before  
Heart torn out, down for the count and still come back for more  
This lesson, is learned too well.  
Though only unlearned by the time your wounds have healed.

Have you had enough?  
I guess not cuz your lips are stuck to his.  
Time to say enough is enough  
You would be so better off  
You love him but tough  
Cuz it's not coming back from him  
You can't win

Stop expecting change  
He's just a lost cause that you're waiting on  
Take a look around  
You could have anyone  
So leave undeserving him

It only hurts  
At first but then you'll find someone to give you everything you want,  
Try not to go running back to him.

So it goes unsaid that we've been here before.  
Lonely nights and endless fights and sleeping on the floor.  
He's sorry, so the story goes.  
It's read and replayed, and ends the same way

Stop expecting change  
He's just a lost cause that you're waiting on  
Take a look around  
You could have anyone  
So leave undeserving him

Stop expecting change  
He's just a lost cause that you're waiting on  
Take a look around  
You could have anyone  
So leave undeserving him
