

The Starting Line, Saddest Girl Song

So it's safe to say that we've been here before
Heart torn out, down for the count and still come back for more
This lesson, is learned too well.
Though only unlearned by the time your wounds have healed.

Have you had enough?
I guess not cuz your lips are stuck to his.
Time to say enough is enough
You would be so better off
You love him but tough
Cuz it's not coming back from him
You can't win

Stop expecting change
He's just a lost cause that you're waiting on
Take a look around
You could have anyone
So leave undeserving him

It only hurts
At first but then you'll find someone to give you everything you want,
Try not to go running back to him.

So it goes unsaid that we've been here before.
Lonely nights and endless fights and sleeping on the floor.
He's sorry, so the story goes.
It's read and replayed, and ends the same way

Stop expecting change
He's just a lost cause that you're waiting on
Take a look around
You could have anyone
So leave undeserving him

Stop expecting change
He's just a lost cause that you're waiting on
Take a look around
You could have anyone
So leave undeserving him
