

# The Starting Line, Stay Where I Can See You

For months you've been away,  
You're here a couple days,  
I've got all of the time in the world.  
To do with what we please,  
If it were up to me,  
We'd have all of the time in the world.  
Just stay right where I can see you.

When you go away I get so low,  
Like temperatures when they're at their coldest.  
When you go away I get so lonely,  
And I'm stranded by the side of the bed.

I can name all 50 states,  
48 get in the way,  
From me being next to you (From me being next to you)  
If it were up to me,  
We'd have everything we need,  
You'd have me and I'd have you.  
Just stay right where-  
I could be anyone you want,  
I'm glad I got the job.  
We've got something in mind,  
And I've got all this time.

When you go away I get so low,  
Like temperatures when they're at their coldest,  
When you go away I get so lonely,  
And I'm stranded by the side of the bed.

Just Stay right where I can see you.  
Just stay right where I can, I can see you.

When you go away I get so low,  
Like temperatures when they're at their coldest,  
When you go away I get so lonely,  
And I'm stranded by the (1, 2!)

When you go away I get so low,  
Like temperatures when they're at their coldest,  
Once you go away I get so lonely,  
When you go away I get so lonely,  
And I'm stranded by the side of the bed.
