## The Starting Line, This Ride

It says hold on and take this ride And set aside memories of all the times When you collide Then you'll leave me here to die Here's the things I meant but I never said

It says sit back and take this time
To lose your mind
And find out what its like to die
So where's my spine
When its time to give an obvious and simple reason
Why I wont \*\*\*\*ride\*\*\*\* again

What do you see when you look at me (Why)Do you take me for a fool So what makes you play this game With results always the same And nothing but bad reputations to gain

It's pushing me like all is fine When I could cry From all the bends and breaks that I took this time When happiness is based on lies It's so hard, its too hard to tell the truth

What do you see when you look at me (Why)Do you take me for a fool This fool is through

This fool is through This fool is through

What do you see when you look at me (Why)Do you take me for a fool What do you see when you look at me (Why)Do you take me for a fool

It says hold on and take this ride And set aside memories of all the times When you collide Then you'll leave me here to die Here's the things I meant but I never said
