The Starting Line, This Ride

It says hold on and take this ride
And set aside memories of all the times
When you collide
Then you'll leave me here to die
Here's the things I meant but I never said

It says sit back and take this time
To lose your mind
And find out what its like to die
So where's my spine
When its time to give an obvious and simple reason
Why I wont ****ride**** again

What do you see when you look at me
(Why)Do you take me for a fool
So what makes you play this game
With results always the same
And nothing but bad reputations to gain

It's pushing me like all is fine
When I could cry
From all the bends and breaks that I took this time
When happiness is based on lies
It's so hard, its too hard to tell the truth

What do you see when you look at me
(Why)Do you take me for a fool
This fool is through

This fool is through
This fool is through

What do you see when you look at me
(Why)Do you take me for a fool
What do you see when you look at me
(Why)Do you take me for a fool

It says hold on and take this ride
And set aside memories of all the times
When you collide
Then you'll leave me here to die
Here's the things I meant but I never said
