

# The Stooges, I Need Somebody

But I am your crazy driver  
Honey I'm sure to steer you 'round  
I am dying in any story (?)  
I'm only living and (when I) sing this song  
(Just the same, baby...)

I need somebody, baby  
I need somebody, too  
I need somebody, baby  
Just like you

But I'm losing a lot of my feelings  
And I'm running out of friends  
You know you lied to me in the beginning  
Tried to bring me to the end

I need somebody etc.

Well I was trying to leave this signal  
In a fury an (it) is too strong  
Yea I got my reputation  
Write me anyway, not too long

I need somebody etc.
