## The Streets, It Was Supposed To Be So Easy

Just take back the DVD
Withdraw that extra money
Tell mum I wouldn't be back for tea
Then grab my savings and hurry

So first to get the film back in time To avoid that big fine I had to do a fast hill climb But I fast declined

But I flew a bit quick Arms like a lunatic I had to stop for a few ticks I started feeling sick

Got to the video shop in a state But chuffed it wouldn't be late Only when he flicked open the case I'd left the disc at my place

Today I have achieved absolutely nought In just being out of the house I've lost out If I'd wanted to end up with more now I should've just stayed in bed like I know how

So I failed on the DVD But I still had to get the money Tell mum I couldn't make tea Get the savings and then hurry

Rushing to the cash machine Still a bit mashed and lean And of course the mandatory car drives by And splashes me

Get there the queue's outrageous Lady's taking ages My rage is blowing gauges How long's it take to validate your wages?

At last my turn comes Press the fifty squid button

Insufficient funds

Today I have achieved absolutely nought In just being out of the house I've lost out If I'd wanted to end up with more now I should've just stayed in bed like I know how

So I've failed on the DVD Couldn't withdraw any money But I still had to call mum Get the savings and then hurry

So to call my mum so that I could tell her I can't go and that At least I remembered my phone man I didn't know her number off hand

Where's my phone, have I got it? Oh this is a crock of shit I lost the fucking thing Oh here it is in my pocket But the battery's nearly flat Got to call quick snap Oh shit The battery is flat

Today I have achieved absolutely nought In just being out of the house I've lost out If I'd wanted to end up with more now I should've just stayed in bed like I know how

So I've failed on the DVD Couldn't withdraw any money Or call mum about tea I'd have to get the savings and hurry

But where was the money? I knew I'd left it on the... Side next to the tele This is not even funny

I'd left it in the living room Ready to pick up as soon As I pass through On the way to the rendezvous

So the shoe box full of money Just disappearing from me Was not what I call funny A grand don't come for free

Today I have achieved absolutely nought In just being out of the house I've lost out If I'd wanted to end up with more now I should've just stayed in bed like I know how

Oi
Soaked the bone in me jeans
Do you want me to stop?
I imagine me mum's weeping right now
A thousand pounds you swore, that I left on the table this morn
Has simply disappeared right before my eyes, his eyes and yours
And I'm a thousand pounds poorer
Hundred thousand pennies, no more
A thousandth of a million squid or 2 wonkies or a whole fifty scores
Gone
Withdrawn from my life
The money is no more for sure

It was supposed to be so easy
