

# The Subways, Girls and Boys

The world is always some kind of daydream  
Another message that they just don't see  
I won't forget  
The day you said  
The simple things  
They are the best  
I'm just a kid  
An alien  
Among the People  
The girls and boys  
Another statement, another daydream  
Why do you always say what you don't mean?  
I won't forget  
The day you said  
The simple things  
They are the best  
I'm just a kid  
An alien  
Among the People
