

The Subways, Young For Eternity

Thank God for dracula
He sucked the shit outta me
Now I can leave my work for nights
And leave my day for sleeping

Young for eternity
Young for eternity
Young for eternity
Young for eternity

Thank God for dracula
He sucked the shit outta me
Now I can leave my work for nights
And leave my day for sleeping

Young for eternity
Young for eternity
Young for eternity
Young for eternity
Young for eternity
Young for eternity
