

# The Sugarcubes, Speed Is The Key

Einar

Straight into the air,  
At lightning speed,  
Fasten your seatbelts,  
The future is mine.

Bjrk

I'm a future woman  
In an irresistible world  
Fast and sparkling  
Speed is the key

Einar

Lizards at lightning speed  
Surprise me all the time  
Does no one respect space rules?

Bjrk

A big fresh meat slice  
A streamlined solid steal knife in it  
I must energize  
Speed is the key

Einar

Lizards playing around  
And I'm one of them  
So I said: lizards  
Of the world, unite!

Bjrk

I'm a spacegirl  
Pass me that aeroplane  
I've got to go now  
Speed is the key

I'm a space woman

Shaped like a, a bullet

No barriers

Whoosh!

There goes another second

Doubt kills

Speed is the key
