

The Summer Obsession, Obsession

You were lying in the sand
Like a burning ember
Ooh with the darkest tan
I can still remember
And I couldn't speak to you
See I'm not that clever
Every night I dream of you under the sunshine
You're the only one that I will ever want
You're my obsession You're my obsession
The sets came rolling in
And you jumped up to your feet
Oh, you started runnin'
Away from me
And I couldn't speak
I just dropped down to my knees
Yeah
Every night I dream of you under the sunshine
You're the only one that I will ever want
You're my obsession
You're my obsession
You're the only one that I will ever want
I'll be patient
But I'll get to you eventually
And if you noticed
I'll be waiting here until you see
Every night I dream of you under the sunshine
You're my obsession
You're the only one that I will ever want
You're my obsession
You're my obsession
You're my obsession
(ooh)
