## The Supremes, Funny Girl

(Jule Styne/Bob Merrill)

Funny, did you hear that? Funny! Yeah, the guy said "Honey, you're a funny girl"

That's me
I just keep them in stitches
Doubled in half
Though I may be all wrong for the guy
I'm good for a laugh

I guess it's not funny
'Cause life is far from sunny
When the laugh is over
And the joke's on you

A girl ought to have a sense of humor That's one thing she really needs for sure When you're a funny girl The fellow said "A funny girl"

Funny, how it ain't so funny Funny girl

Funny
Did you hear that?
The guy said I was funny
We'll wait 'till the laugh's over
And the joke's on you

That's me
I just keep them in stitches
Doubled in half
And though I may be all wrong for the guy
I'm good for a laugh

I may be all wrong for the guy I'm good for a laugh

I guess it's not funny 'Cause life is far from sunny When the laugh is over And the joke's on you

A girl ought to have a sense of humor That's one thing she really need for sure When you're a funny girl The fellow said "A funny girl"

Funny, how it ain't so funny Funny girl
