## The Supremes, People

(Jule Styne/Bob Merrill)

People People who need people Are the luckiest people in the world

We're children needing other children And yet, letting our grown up pride Hide all the need inside Acting more like children than children

People
God's children
Were born to be free
To love
All people have a dream
For peace, for security
Let the world fall in love again
Please, please, let our lies not be in vain

Lovers are very special people They're the luckiest people in the world With one person One very special person A feeling deep in your soul says You were half, now you're whole

No more hunger and thirst But first be a person who needs people People who need people Are the luckiest people in the world
