

The Surfers, Never

The new year brings a change
A new day or so I'd say
But it's so easy to say
That I'll never ever again

So come on dive right in
Back again, With my old friend
You know I'd love to let you in
But I'm still alive

Chorus (2x):
Can I be saved?
Am I too late?
Am I today?
Never I'd say

If you're lost forever
I will be there too

Digging deep inside, There's no lie
The things that get me by
But they only get me by
When they're better and better again

See I'm rising to my feet
Becoming me
Who I'd like to see
But it's too easy to see
'Cause I'm still alive

Chorus (2x):
Can I be saved?
Am I too late?
Am I today
Never I'd say

If you're lost forever
I will be there too

Chorus (2x):
Can I be saved?
Am I too late?
Am I today?
Never I'd say

If you're lost forever
I will be there too
