

The Sweet, Insane

She's a monster
My Harley Quinn
Baddest Bonnie
This Clyde has ever seen
Roller coaster
Sinning wheel
Record turning
Electrifier

Sign glowing on the mountain
Firebirds in her eyes
Insane, Insane
Gasoline is burning
This feeling never dies
Insane, insane for your love

She's a killer
Everything I dream
Give it to her freely
Was always hers to take
Claws ripping through you
Pleasure in the pain
My favorite horror story
Electrifier

Gonna be a big star
There's fire in her eyes
Insane, insane
Hollywood is screaming
Desperate for her lies
Insane, insane for your love

She's like riddle
Sign of the time
She meet me in the middle
And blow my mind
Electrifier
Cast me a line
Siren super satisfier
She's an
Electrifier, Electrifier, Electrifier

Gonna be a big star
Firebirds in her eyes
Insane, insane
Hollywood is screaming
Desperate for her lies
Insane, insane for your love
Insane for your love
Insane for
Insane for
Insane for your love
