

The Sweet, Into The Night

Andy Scott

I was a king thought of everything
Into the night
Then I was out everybody shout
Into the night
I kinda was having lots of fun
Into the night
And now I've lost gotta count the cost
Into the night

I couldn't lose
When I was on top
I couldn't lose
But now it's all stopped

I wore a crown then began to frown
Into the night
I cast a spell and it fell on me
Into the night

I dig a hole 'cause I got no soul
Into the night
I hear a phone then began to moan
Into the night

I couldn't lose
When I was on top
I couldn't lose
But now it's all stopped

I'm in a sea floating on one knee
Into the night
I think I'll drown oh I'm going down
Into the night
Is this a dream in a golden beam
Into the night
I look up high and there's no sky
Into the night

I couldn't lose
When I was on top
I couldn't lose
But now it's all stopped
