

The Sweet, Own Up

A mister operator
I'm looking after number one
Look what she's done
I've really gotta talk to her
She was the instigator
I'm gonna take more care next time
Loves on the line
I gotta get my message through

Chorus
Own up take a look at y' self
Own up take a look at y' self
Own up take a look at y' self
Cause the image in the mirror don't lie

Your telephone don't answer
Your gonna need an alibi
Theres no reply
You really gotta hold on me
I still want you heartbreaker
Come back before i change my mind
Loves on the line
You better listen what i say

Chorus

Chorus (Repeat Twice)
