

The Sweet, Thank You For Loving Me

Honey, you believe in me
All the love in your heart
You gave me has set me free
Night after night
Like a bird in endless flight
Lady of my dreams
Your everything to me
Oh yeah !
With every breath that i take
To help forget the heartache
I know that this love is real
By the way that i feel deep inside

Thank You For Loving Me
Thank You For Loving Me, baby
Thank You For Loving Me
Oh and i can't ask for any more

Lover, i wasted so much time
When you took my hand in yours
I knew you where mine
I saw the light
No more ships that pass in the night
Now i've change my way
I want you to help me to stay in love
Somethings you never forget
Just like the first time we meet
You where a woman so wild
With a face of a child
I wanted you

Chorus

Honey, do you believe in me ?
All the love in your heart
That you gave me has set me free
Your everthing to me
Somethings you never forget
Just like the first time we meet
I know that this love is real
By the way that i feel deep inside

Repeat Chorus till fade
