

The Swellers, Do You Feel Better Yet?

It's been a long couple years,
but I need this, too.
I miss the ringing in my ears
when it didn't come from you.
No more heartstrings left to drag me down.
Do you feel better yet?

There's nothing I'd rather do
than be happy and write a love song or two,
but they'll turn their backs on me.
Should I lie and say I'm sorry now?
Do you feel better yet?

Do you feel better yet?
