

# The Swift, Intro You Burn

Lord, You burn  
Eternal Flame  
Consuming Fire  
Blessed Name  
Set our souls and hearts 'ablaze  
May we live to sing Your praise

You Burn like Fire  
Oh, How I need  
The Savior's love  
That saved the world  
With perfect blood  
Let it consume every desire  
Refine my hear with Holy Fire  
As our hearts go up in Flames  
Let this Fire spread Your Name
