

The Swift, Moshing Machine

Moshing
Moshing
You broke my arm
Can you continue without any harm?

Watchout for the little guy
Cause if you make him cry
Do you think he'll be back here tomorrow night?

Rainbows and pianos
just aint your style
I fear, you'll miss why were here
once and a while

Not that i think its wrong
it may be cool for a song
but dont you think that
youve had enough for tonight

Yeah we see you there
Mr. Green hair
Pardon me
Honestly
Love your shoes but when theyre breaking views
Cant you see?

Glad youre here
but people live in fear
When your around, so slow down
so please play nice when you come back here tomorrow night

Moshing
Moshing
Yeah, you broke my arm
Can't you continue, without any harm?
