

The Swift, Revolution

I was lost
So far away from home
Had it all
But I still felt so alone
All I gained was in vain
'Til Revolution

I searched the Word
'Til I found the missing part
I had to take the truth
And hide it in my heart
Now the song in my soul
Is a Revolution

If you want a Revolution
You've just gotta open your eyes
The truth can be the only solution
Look inside the Words of Life

It's time to stand
For what we know is truth
Don't give up
We got so much left to do

And it's here
And it's now
And it's Revolution
And I know that the world is waiting on me
And I know that the Word of God
Is just what this world needs
