To make your decision.

To open up your mind.
If you've been holding back kind of slack
Now's the time to get the things you need.
There ain't no reason why you should be shy
People have died to set you free.
Oh
we need ev'ry one to succeed
Ev'rybody to succeed
ev'rybody.
Soul isn't enough
hey
come on and join us
Please (come on
come on and join us
please:
Yes
this is the year
. . .
If you're strong out on a Jones
Better make sure that you leave the bad stuff
What ever you wanna do think it over good
Cause the change is up to you.
Oh
we need ev'ry one to succeed
