

# The Tiger Lillies, Punch And Judy

You see my foolishness and pride you see each good thing in me die  
You see your baby see her cry  
You see the evil in me breed you see the bad the bad seed  
You see your baby see her bleed  
You hear my heart numbing lies as each good thing in me dies  
Hear your baby hear her cry  
You see my evil eating you you see my evil breaking through  
You hear your baby cry for you
