

The Tiger Lillies, Why Are You Laughing?

Why are you laughing? We're all going to die tomorrow in agony we will all lie
Why are you laughing why so amused? Tomorrow senility will you confuse
Why are you laughing why so self assured? Tomorrow death and disease you'll endure
Why are you laughing to that happy music? Only fools and idiots are optimistic
This isn't a film with a happy end only death and disease wait for us at the end
So why are you laughing?
