

The Toy Dolls, Queen Alexandra Road Is Where

She was at a party I was stuck at home
I was not invited so she went on her own
I will not be long now this is what she said
I'm stood waiting for her I must be off my head

Queen Alexandra Road is where she said she'd be
But was she there to meet me? No chance.
I was going to land her a thump when I see her you see
She's forgotten about me.

It was well past midnight she still dug the groove
I just stood there freezing I couldn't even move
She will soon get sick now want to go back home
There was no sign of her I should have known

Oh riganortis set in, I was a block of ice
I'de even missed the late film starring VincentPrice
Two o'clock she turned up, have you been waiting long?
She looked into my eyes sweetly, I said not that long...
